

Homecoming

Lucas Hudson has six weeks remaining before leaving his small town for college, but first, he must adjust to the return of his new stepbrother, Dane Bolton, from the Marine Corps. Although initially reluctant about the return of the local hero and former football jock, who had been three years ahead of him in high school, Lucas develops an instant crush on his new roomie. 21 year-old, Dane Bolton is a dominant marine with a kinky side and has secretly been fixated on Lucas long before they were related by marriage. Dane quickly becomes controlling and starts to take over Lucas life. With a deep and mostly untouched submissive nature, Lucas is ripe for the picking and falls completely under the spell of the dynamic Alpha Male. Dane, who will stop at nothing to possess the object of his longtime fantasy, spins Lucas into his web. Dane attempts to take control of the young, blond and demands nothing less than Lucas complete and total submission. In this erotic novel filled with love, possession and obsession, Dane and Lucas struggle to overcome many obstacles on their way to happiness which most importantly includes their respective parents. This novel is approximately 65,000 words. This work features many aspects and fetishes of a m/m dominant and submissive relationship including, bondage, sports gear, foot play, kink, chastity, discipline, toys and control.
